

These pictures need to be included in the Doors TAB under “Popular types of Doors” next to each type – make them small so they fit and then if you hover or click on the picture it will enlarge on the screen.

M-1

### **Swinging Doors**

Swing in or out. Single or multiple.

M-2

### **Sliding Doors**

Slides left or right or both – up to 4 panels.

## **Bi-Fold Doors**

Stackable or slidable and around corner.

### **Lift & Slide Doors**

Left or right slide with a weather tight door seal.

### **Multi-Slide Doors**

Multiple slide directions – including around a corner.

## Pivot Doors

Pretty cool concept.

## Dutch Doors

Sometimes it's smart to be this functional.
